Parent/Guardian Section

I have read the Internet Code of Practice document (including Conditions of Use), and discussed it with my child. I have particularly emphasised the section on Personal Safety.

I will not upload any photographs or videos taken at school events and containing images of students other than my own children to the Internet, including all social media websites, without the express permission of the appropriate students’ parents/guardians.

I accept the conditions as set out, and any periodic amendments as notified to the school community via Compass, and accept the school’s decisions in relation to them.

I give permission for my child to have access to the Internet service provided by the school.
