

Doncaster Gardens Primary School Parent Payment Policy

Philosophy

Doncaster Gardens Primary School is very proud of the quality programs that we have put in place to cater for the needs and interests of our students. Annually Doncaster Gardens Primary School will review parent payments requests to ensure they are in line with Department of Education and Training guidelines. Charges will be clearly itemised, costed and categorised as Essential Student Learning, Optional Items or Voluntary Financial Contributions.

Parent Payment Charges

Essential Student Learning Items: these are items, activities or services the school deems essential to student learning of the standard curriculum

Optional Items: these items, activities or services that are optional and are offered in addition to the standard curriculum

Voluntary Financial Contributions: parents are invited to make a donation in the form of a voluntary contribution towards the grounds, the school nurse or general contribution towards the school

Victorian legislation states that instruction in the standard curriculum program must be provided free of charge to all students in Victorian government schools. Free instruction is the teaching staff, administration and the provision of facilities in connection with instruction of the standard curriculum program.

Parents will be provided with early notification of annual payment requests (a minimum of 6 weeks prior to the commencement of the school year). Reasonable notice will be given for any other payment requests during the year (ie Term Planners).

Understanding Parent Payment Categories

Schools

What does the legislation say?

The Education and Training Reform Act (2006) provides for free instruction in the standard curriculum program to all students in government schools. The Act also empowers school councils to charge fees to parents for goods and services provided by the school to a child.

In the Act, a 'Parent' includes a guardian and every person who has parental responsibility for a child including parental responsibility under the Commonwealth Family Law Act 1975 and any person with whom a child normally or regularly resides.

What do schools pay for as part of 'free instruction'?

Free instruction is the teaching staff, administration and the provision of facilities in connection with the instruction of the standard curriculum program, including reasonable adjustments for students with disabilities.

The standard curriculum for Years F-10 means implementation of the Victorian Curriculum F-10.

The standard curriculum for senior secondary schools means a program that enables a student to be awarded a VCE or VCAL qualification.

Parents

What may parents be asked to pay for?

Schools can request payment for Essential Student Learning Items

These are items, activities or services that the school deems **essential** to student learning of the standard curriculum.

Where practical and appropriate, parents may choose to purchase items through the school or provide their own.

These may also be either:

Items the student takes temporary or permanent possession of

- e.g.
- textbooks, activity books, exercise books
 - stationery, book bags
 - student ID cards, locks
 - cooking ingredients students will consume
 - materials for final products that students take home (technology projects, build-your-own kits, dioramas)
 - Picture Exchange Communication Systems

Activities associated with instruction that all students are expected to attend

i.e. travel, entry fees or accommodation

- e.g.
- excursions
 - incursions
 - school sports
 - work placements

Parents can be asked to pay for items, activities and services in the three Parent Payment Categories:

Essential Student Learning Items,
Optional Items and
Voluntary Financial Contributions.

Schools determine how items, activities and services are classified within these categories based on the learning and teaching program of their school.

Schools can request payment for Optional Items

These are items, activities or services that are **optional** and are offered in addition to the standard curriculum.

Students may access these on a user-pays basis.

These may be either:

Items the student purchases or hires

- e.g.
- school magazines, class photos
 - functions, formals, graduation dinners
 - materials for extra curricular programs
 - student accident insurance

Activities the student purchases

- e.g.
- fees for extra curricular programs or activities, such as instrumental music tuition
 - fees for guest speakers
 - camps, excursions, incursions, sports
 - entry fees for school run performances

Items and/or materials that are more expensive than required to meet the standard curriculum

- e.g.
- use of silver in metal work instead of copper
 - supplementary exam revision guides

Support for families experiencing hardship is available at every school and each school has a parent payment contact person. See your school's policy for more information.
