POLICY

1. School profile

DGPS, established in 1997 when Waldau and Doncaster East Primary Schools merged to become Doncaster Gardens, is located in a residential area of Doncaster East. The school's guiding principle is to be the 'best we can be'. The school grounds are compact and include both purpose-built learning spaces and various areas adapted to cater for the student enrolment. An example is the Senior Learning Unit designed to promote a collaborative and flexible learning community. Specialist classes are provided in Performing Arts, Music, Visual Art, LOTE (Mandarin) and library. A broad range of extra-curricular activities that include chess, instrumental music, dance, orchestra, choir, art club and sport are offered. Our school is culturally diverse with more than 50% of our students from English as Additional Language backgrounds. We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially.

2. School values, philosophy and vision

Doncaster Gardens Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of courage, creativity, compassion and curiosity at every opportunity.

Philosophy

At DGPS we believe that teaching and learning occurs in a secure, harmonious, stimulating and challenging environment.

Mission

To provide high quality, engaging programs which promote curiosity, creativity and inquiry.

Vision

At Doncaster Gardens Primary School we create resilient problem solvers who think critically, strive for excellence and make a positive impact on the lives of others.

3. Wellbeing and engagement strategies

Doncaster Gardens Primary School has developed a range of strategies to promote engagement, an inclusive and safe environment, positive behaviour, and respectful relationships for all students in our school. We recognise the importance of student friendships and peer support in helping children and students feel safe and less isolated. We acknowledge that some students may need extra social, emotional or educational support at school, and that the needs of students will change over time as they grow and learn.

We provide a dynamic learning environment that engages students to achieve their personal best by extending and supporting them in their endeavours. We will provide programs to allow students to become effective and productive members of a multicultural and technologically advancing local and global community. We will further improve engagement and wellbeing of all students by explicitly planning for greater levels of curriculum innovation, student independence and interdependence and development of flexible, physical learning environments.

A summary of the universal (whole of school), targeted (year group specific) and individual engagement strategies used by our school is included below:
